A pioneer in nursing education

A leading school in welfare education

Established in 1984. A pioneer in cultivating care workers.

With our support skills that assist each student with all our power, we welcome overseas students who want to study nursing! Learn practical skills for utilizing in care sites, the ability to pass national exams in an environment with a consistently top-level pass rate, and job-hunting skills to get your dream job. All at the leading school for welfare education that can help you realize your dreams.

<Favorable Treatment System>

An original Japanese language support program

\*For those who do not have confidence in their Japanese, our school offers an original Japanese language support course 3 times a week on weekdays.

Japanese that is used in the classroom is explained in a simple manner, and we support your efforts to improve your Japanese while supporting your studies.
